

Dear Colleagues and Friends

We have had the third draft conference programme ready for your information as we get a step closer to the opening of the APVC2021 conference. The programme is still subject to small changes depending upon the registration condition in the next couple of days. The final programme with the ZOOM/Tengxun access link will be posted on the conference website (www.apvc2021.org/technical_program.html) on the 5th of October 2022. We will send out the access password to each registered delegate next week. For those presenting at the conference, it is advised that you pre-record a video clip of your oral presentation and send it over to us by email (secretariat@apvc2021.org) to be used as a backup in case the internet connection is not functioning well during the conference. Thank you very much for your support and patience, the organizing committee and I are working hard to bring you an unique APVC conference in the coming weeks.

Sincerely Yours

Tian

Professor Tian Ran (Terry) Lin

General Chair, APVC2021 Qingdao
